tracker™

Automatic Pool Cleaner

- Flex Hydra Turbine Engine
- Cleans floors and walls
- Convenient Carry Handle
- Tracks for superior grip on most pool surfaces
- Reverses and manoeuvres out of tight spots
- Constant Cyclonic Suction Power

Key Product Features & Benefits

Constant Cyclonic Suction Power

Constant suction power technology enables the Tracker™ to capture maximum debris whilst maintaining a high level of suction power for maximum cleaning efficiency.

Tracker X-Trax

The superior design of the tracks allows the Tracker™ to grip on to all surfaces of the pool.

Flex Power Turbine Engine

The turbine engine automatically drives the pool cleaner to clean the pool floor and climb walls whilst operating at an efficient flow rate.

Easy to Operate

Light weight and easy to operate with little maintenance makes the Tracker™ user friendly.

Certified to South African safety standards

Every backyard swimmer matters to us. Every diver, splasher, paddler, and wader. Baracuda delivers simple and easy cleaning, so every South African pool owner gets the most enjoyment from their pool.
