# SWIMFLO 2 PUMP

## The Evolution of Quality

The new Swimflo 2 is the Evolution of the hugely successful Quality Superflo 2 with even more features designed to ensure a better performing, more reliable and more efficient experience. With the same high efficiency motors, a composite stainless steel shaft with a 3/4" ceramic shaft seal and featuring a new unique low profile twist-and-lock lid design for an improved and more user friendly experience.

### APPLICATIONS

Ideal for all Residential Swimming Pools and Spas

- In-Ground Pools
- Above Ground Pools
- Leisure Spa's
- Solar Pool Heating
- Water Features

Why choose Quality's new generation Swimflo 2 swimming pool pumps?

An evolution of the hugely successful Quality Superlo 2 pump

- A new user friendly, low profile, twist-and-lock lid design for easier operation
- A new stronger, better performing 1.9lt large Pump Basket

### Improved

- Impeller and Diffuser design resulting in reduced water noise
- Motor shaft size and design aiding lifespan and reduced motor noise
- Integrated self-resetting thermal overload aiding motor lifespan
- Serviceability due to integrated barrel unions on the pump inlet and outlet
- Safety due to complete electrical separation between the motor and the wet end
- Head and Flow as a result of the improved Motor and Wet End design

## BIGGER

- Wet End
- 6-Bar Ceramic Shaft Seal
- Impeller
- Diffuser

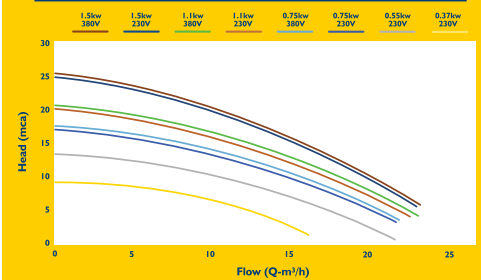

## STRONGER

- Composite Stainless Steel Shaft
- Thermoplastic Body
- Motor Components

## BIGGER

- Electrical Motor
- Water Flow
